

Syllabus of Color Layering

Class 3

<i>Subject</i>	<i>Page</i>
1. Syllabus -----	1
2. Color Study -----	2
3. Color Layering Intensified -----	3

Home work will be completing all four (4) forms in class 3

Practice and Exercise will be your work opportunity to build color records that will serve you for the rest of your artist life. Be sure to do good work here and save each page in a sheet protector. All these records I would put in a binder.

Note: Each combination of color should take no more than 1 hour to find the 20 new colors. Aim at colors you will use in nature with combinations of hot and cool colors.

Triads produce interesting findings, with many supplied in the color pencil mix. This is where a little side paper to check the pencil combination you choose is important. .

By now you are working to find new colors through this Layering exercise. Here is where you build color records that will lighten your load when planning pictures in the future.

Artist without tools of this nature must search out the color combination needed at the start of every picture. You in contrast will have a color record that answers' what pencils, what intensity, thus what hue you will need in just moments of using your charts.
