

HUNTSVILLE
BOTANICAL
GARDEN

2025 Annual Report

Message from the CEO

Dear Garden Friends and Supporters,

As we reflect on 2025, I am proud to share a year defined by growth and impact at Huntsville Botanical Garden. Guided by our strategic framework and rooted in our three pillars—Core Mission Support, Plant Science and Conservation, and Public Engagement—

we continued advancing our mission to connect people with plants in meaningful and transformative ways.

Public engagement reached exciting new heights this year. The opening of the Mother Earth Troll Garden invited guests into an immersive space where art and nature surround visitors and invite exploration at every turn. We also celebrated a major milestone with the 30th anniversary of Galaxy of Lights, honoring three decades of a beloved tradition that continues to bring joy to our community. New programs and events, including the launch of the Garden Tram, expanded accessibility and offered fresh ways for guests to experience the Garden. On a global stage, the Garden participated in a social media competition through the water lily weigh-off, placing third and going viral, reminding us that curiosity and wonder are at the heart of everything we do.

Education remains central to our mission. Garden Sprouts Pre-K continued to grow, building on its strong start and expanding opportunities for early learners to engage with nature. The Cultivate program also grew its partnerships across the state, extending plant-based STEM education to educators and students throughout Alabama and strengthening our reach and impact.

Within Plant Science and Conservation, our work continues to deepen and evolve. Garden staff advanced conservation efforts focused on the American Smoketree and Boynton Oak, while also expanding azalea propagation initiatives and forming new partnerships to support regional plant conservation. These projects underscore our role as both a living museum and steward in preserving the unique plant biodiversity of our region.

Through every program, partnership, and planting, our mission remains firmly rooted. The accomplishments of 2025 reflect the dedication of our staff, volunteers, and supporters, and the meaningful impact we are able to achieve together. Thank you for your continued support and belief in the Garden's work.

I look forward to welcoming you back in the year ahead as we continue creating naturally delightful experiences for our community.

Sue Wagner
