

# **HUNTSVILLE BOTANICAL GARDEN**

**Annual Report** | October 1, 2020 – September 30, 2021

## MESSAGE FROM THE CEO

### Dear Garden Friends and Supporters,

This year was a year of growth, hope, and resiliency. It was a year to celebrate how far we have come and prepare for the bright future ahead. To help us achieve our mission impact, we developed a strategic framework which will guide the direction of the Garden in the coming years.

As a part of this framework, we have defined three key focal areas for the strategic growth of the Garden, including Core Mission Support, Plant Science and Conservation, and Public Engagement. These focal areas encompass the full breadth of the mission work taking place at the Garden, and each area plays an important role in helping us connect people to plants.

**Core Mission Support** aims to further develop and maintain the financial, capital, and human resources needed to ensure institutional quality and long-term success.

**Plant Science and Conservation** works to support the biodiversity of significant plant species in the region through expanded research, education, and horticulture initiatives.

**Public Engagement** strives to inspire, engage, and catalyze nature lovers and plant conservation advocates in our region and beyond.

The success of these focal areas is demonstrated in the metrics shared in this report, as well as in the hearts and minds of all who interacted with the Garden in 2021. Every event, exhibit, and program allowed us to share the beauty and wonder of the natural world with our community. The seeds planted in each interaction may one day blossom into action: a high school graduate choosing a career in STEM, a homeowner making a sustainable change in their landscape, or a child learning to embrace their curiosity.

In all that we do, we hope to bring people closer to the natural world around them. With the support of our community, there is no limit to what our Garden can achieve. We are proud of the progress made in the last year, and we look forward to all we can accomplish in the years to come.

**Thank you for your support, and see you at the Garden!**

*Sue*

## L'Espalier – Major Donor Society of the Huntsville Botanical Garden

L'Espalier - A trellis or other framework on which a tree or shrub is trained to grow. L'Espalier is a French word derived from the Italian spalliera, meaning something to rest the shoulder (spalla) against; a support. The purpose of the society is to honor and recognize the individuals and organizations whose outstanding and cumulative giving provides the framework on which our Garden grows.

Designation is based on giving through fiscal year-end, September 30, 2021.

To our L'Espalier members: Thank you for your support of the Garden's mission!
