

HUNTSVILLE  
**BOTANICAL**  
GARDEN

2024 Annual Report

# Message from The CEO

## Dear Garden Friends and Supporters,

Reflecting on an impactful year, I am proud to share the milestones that Huntsville Botanical Garden achieved in 2024. Guided by our strategic framework, nurtured by our Core Values, and rooted in three pillars — Core Mission Support, Plant Science and Conservation, and Public Engagement — we have advanced our mission to connect people with plants in meaningful and transformative ways.

Education remains at the heart of our mission. This year, we formed new partnerships with Huntsville City Schools, Madison City Schools, and Madison County Schools, enhancing educational opportunities for students and providing professional development for teachers in the district. The *Cultivate*: STEM Educators program has continued to expand its reach, empowering educators through continuing education opportunities in content knowledge and technical ability to teach plant-based sciences to students in Alabama's key regions. Additionally, the inaugural year of our *Garden Sprouts Pre-K* program was an inspiring success, blending nature play with early childhood education, and receiving enthusiastic praise from parents.

The harmony of art and nature shone bright during the *Glass in Flight* exhibit, featuring 21 larger-than-life sculptures by Alex Heveri. These pieces, inspired by pollinators including butterflies, dragonflies, birds, beetles, and bees, were features in the Garden from May through October and elevated the naturally delightful beauty of our grounds.

Within Plant Science and Conservation, Garden staff have worked to deepen collaboration and partnerships with scientists, public gardens, and universities to study and preserve the unique plant biodiversity of our region. Design work is being done to refresh the iconic Four Seasons Garden, with an emphasis on showcasing native Alabama plants. Additionally, efforts are ongoing to support upgrades to the Greenhouse Complex — the heart of the Garden — enabling the horticulture team to advance its work and further support our mission.

Through all of these efforts, our mission to connect people and plants remains steadfast. From education to conservation, and art to community engagement, we strive to be a source of learning, wellness, and inspiration for all who visit. The accomplishments of 2024 are a reflection of the impact of our work and the boundless possibilities that lie ahead.

Thank you for your unwavering support. I look forward to welcoming you back to the Garden in the year ahead, where we continue to nurture connection, exploration, and create naturally delightful memories.

**Sue Wagner**  
*Chief Executive Officer*
